

**FROM CAROL'S
CORNER
June 2011**

What is more beautiful than the spring foliage in Northern Michigan? We had friends from Arizona visit a few years ago and they were amazed at our landscape. The little ones said "Look! There are so many Christmas trees everywhere!"

Let me tell you about the Holland Tulip Festival trip. We had such a great time. The weather could not have been nicer! Not too hot – just right. We had a fabulous buffet lunch at the Hope College. They really fed us! We did some shopping, checked into our hotel then went back to Hope College for the amazing dinner show featuring a band called NEW ODYSSEY. (3 guys 30 instruments!) The next day we visited Nelis' Dutch Gardens where we were taught to make a Dutch pastry called a "banket". We actually made one, they baked it and we picked it up on our way back to the bus. We wandered around Holland then settled in in our reserved bleacher seats for the parade. We sure enjoyed that and again, the weather was awesome. There were 43 that traveled with us.....what a great group, we all had fun!

Our trip to Interlochen to see BEAUTY AND THE BEAST was of course wonderful. The musical was amazing along with the costumes. Those young people are so very talented. I think we might make another trip there this summer. That is always a fun day.

We have a busy summer planned, both professionally and personally. We are looking forward to some quality family time, lots of meals on the grill, concerts in the park, and lots of sitting and enjoying the summer! And of course there are lots of things going on with the club. I hope that you see something of interest, and give me a call!

'Til next time.....

Carol
